

This year as part of our International School's Award project 'Developing a unique and bespoke Curriculum' we have added activities linked to our currently most prominent Nationalities. Romania, Poland and Nigeria.

Overview of Global Learning 2024-25

The below document shows the breadth of Global Learning completed in each year group throughout the year.

Through celebrating our diverse community and a cross curricular approach to Global Learning we endeavour to inspire all our children to develop a life-long curiosity and fascination about the world, and the people within it. This cross curricular approach to Global Learning provides our pupils with breath and balance, whilst differentiating to match the needs of all abilities and therefore ensuring that all children excel and develop into Global citizens. Through linking activities to their current learning and life experiences we ensure they remain relevant, engaging and purposeful.

As a staff we have worked together to create a set of statements which describe what it means to be a Global Citizen at Bishop King.

1. Having an understanding of basic needs.
2. Understanding not everyone in the world has access to basic rights.
3. Awareness of climate issues.
4. Having an understanding of where they fit in the world.
5. Understanding of Global issues and events around the world both human and physical.
6. Celebrate cultural events in other countries.
7. Appreciate the world beyond their community.
8. Celebrate people's differences.
9. Understanding that places all over the world have the same issues.
10. Having an understanding of other cultures, religions and beliefs.
11. Understand that all actions have consequences.
12. To be curious, inquisitive and ask questions.
13. Show respect for people of other nationalities
14. Understanding of where they are from.
15. Understand their role in society.
16. How their actions affect and impact on others.
17. Caring for others.

The numerals that appear within the document link to the above statements.

This year as part of our International School's Award project 'Developing a unique and bespoke Curriculum' we have added activities linked to our currently most prominent Nationalities. Romania, Poland and Nigeria.
