

'Play' at Bishop King

What is Play?

The Scottish Government's National Strategy for Play (2013) stated that:

'play encompasses children's behaviour which is freely chosen, personally directed and intrinsically motivated. It is performed for no external goal or reward and is a fundamental and integral part of healthy development.'

Why Learn through Play?

Young children naturally explore and learn through play. Play is a fun, motivating and meaningful way to learn. It enables children to learn at their own level and pace while making connections.
